

## **Wish ( Co'burn Taylor )**

Everybody knows how things go,  
When all is fine at Christmas time.  
Everybody's home, not alone,  
Like I am now,  
You should be here with me mmm all the time,  
I wish you were here,  
I wish you were here.  
Tonight all our friends will be round,  
Drinking toasts to each other,  
Spreading good will all around.

It just won't be the same,  
Even so,  
When all is fine next Christmas time,  
On the day of cheer,  
You'll be here,  
It's like it was yesterday,  
When you were in my arms,  
Not just my memory.

How I wish you were here x2  
I wish you were here,  
This Christmas time.

Tonight all our friends will be round ,  
And I know that you will be with me.....

## **Abandoned ( Co'burn )**

How can you walk by  
When I am reaching for you  
To sit by my side  
Don't you know why I need you to?  
Is it hard to see?  
Or do you choose  
To think about everything but me  
Clearing your mind with our TV  
Ignoring our needs for sanity  
You're part of our problem.

### **Chorus**

I don't deserve to die  
As I lie all alone

I tremble in the night  
All I do is cry  
My tears fall on deaf ears  
Out of sight out of mind..

What are you thinking?  
When you are looking at me  
Is your heart sinking?  
Into the depths of our despair  
Or is it just another day?  
When you go home  
Are you just concerned about the way?  
I rock in my chair instead of play  
My legs are too thin to hold my weight  
And I'm growing weaker.....

### **Chorus**

I don't deserve to die  
As I lie all alone  
I tremble in the night  
All I do is cry  
My tears fall on deaf ears  
Out of sight out of mind..

### **Middle 8**

I don't see a problem when he's lying here still  
He's sleeping and he's clean I don't believe he is ill  
Your lying – it's clear to me  
He's dying – it's plain to see X 2.  
.....your part of the problem, if your not part of the solution  
Love me, nurture me and help me life the life I deserve

### **Chorus**

I don't deserve to die  
As I lie all alone  
I tremble in the night  
All I do is cry  
My tears fall on deaf ears  
Out of sight out of mind.

When I am reaching for you  
How can you walk by X 2.

## **The Gift ( Co'burn )**

All in green all in green,

Tell me what you have seen,  
Deep in my mind,  
Where nobody goes.

All in red all in red,  
Know the words that I've said,  
Deep in my thoughts,  
Where nobody goes.

**Chorus.**

You grab at my soul'  
I'm twisting and turning,  
You keep me at bay,  
With what you don't say,  
I'm all that I have,  
And I'd give this gift to you,  
But what you'd unwrap,  
I fear you would lose.

Ahahahahahaha x2

All in blue all in blue,  
Clairsentience is truth,  
Deep in my soul,  
Where nobody goes.

All in black all in black,  
Where nobody goes.  
Now there's no turning back  
Sleep in my heart  
Where nobody knows

**Chorus.**

You grab at my soul'  
I'm twisting and turning,  
You keep me at bay,  
With what you don't say,  
I'm all that I have,  
And I'd give this gift to you,  
But what you'd unwrap,  
I fear you would lose.

**Middle eight.**

Sometimes things are,  
Not quite as they seem.  
But how you want them to be.  
When we see with all our senses,

We give in.

All in green all in green,  
Tell me what you have seen,  
Deep in my mind,  
Where nobody goes.

All in red all in red,  
Know the words that I've said,  
Deep in my thoughts,  
Where nobody goes.

Nobody Goes
